

WISH YOUR RETIREMENT PLAN HAD A LITTLE MORE **OOMPH?**

CHECK OUT **PRUDENTIAL INCOMEFLEXSM**.

It helps ensure your retirement savings will have the strength to carry you through retirement. IncomeFlex is a guaranteed lifetime income solution that can energize your plan with innovative features, all for a reasonable fee:

- **Guarantees growth of your income base**
- **Generates guaranteed lifetime income**
- **Requires no annuitization**
- **Comes with an optional spousal benefit**
- **Fits right into your existing retirement savings plan**

Guarantees are based on the claims-paying ability of the insurance company and are subject to certain limitations, terms and conditions. To maintain the IncomeFlex benefit, you must invest in one or more Prudential IncomeFlex Funds. Like all variable investments, these funds may lose value. Guaranteed growth of the income base ends at age 70 or when guaranteed withdrawals begin, whichever is earlier. Withdrawals in excess of the guaranteed lifetime income amount will reduce future guaranteed withdrawals proportionately.
