Long Term Disability Insurance

An illness or injury that causes an employee to be out of work for an extended period of time can significantly impact your company’s productivity…and your employees’ financial wellness. The Prudential Insurance Company of America’s (Prudential’s) Long Term Disability (LTD) Insurance solution replaces a percentage of income if employees become disabled and can’t work for an extended period of time, while helping them get back to work…and life.

Help protect employee income

And while nobody ever expects to get sick or injured, the truth is that it can happen to anyone and the financial impact can be staggering. Nearly 52% of those surveyed in 2014 reported having less than $10,000 in savings. And while half of those surveyed said they’d tap into savings or investments to pay their bills if they couldn’t work, an alarming 57% said they only had enough to pay for 6 months or less of bills. That’s why LTD coverage from Prudential is a critical element of your benefits package.

Experience an employee-focused claim solution

Every LTD claim undergoes a capacity assessment. Our Capacity Validation Model (CVM) is our framework for consistent, rigorous, and strategic case management. This gives us the ability to recommend the best and most efficient ways to get people back to health and back to work, whenever possible.

Our claimant-centric claim management model targets resources where they’ll have the greatest impact, through partnership with our claim teams. These include:

► **Clinical Evaluation**—In-house experts covering a wide spectrum of practice areas and medical specialties, including behavior health specialists.

► **Vocational Rehabilitation**—In-house experts with masters-level education and certification in vocational rehabilitation and counseling.

► **Return to Life Resources**—Improve return to work or quality of life opportunities by identifying and removing non-medical barriers to recovery, independence, and/or return to work.

► **Social Security Claimant Assistance Program (SSCAP)**—100% of all approved LTD claims are evaluated for viability for the Social Security Disability benefits application process. Prudential’s SSCAP offers support and guides claimants efficiently through the application process.
